

# Sedona® Rawfood Dehydrator with Overheat Protection

An Advanced Digitally Controlled Dehydration System

- Raw & Healthy Food Friendly
- User Friendly
- Eco Friendly

Sedona® Rawfood Dehydrator with Overheat Protection is the elegant, easy way to dehydrate raw, whole living foods. Its quiet dual fan technology provides energy efficiency, distributing well-balanced mild air flow throughout the nine BPA-free trays. The digital thermostat and timer keep the overall drying compartment ideal for optimal dehydration, and the transparent glass door displays the dehydrated food for further monitoring. Sedona® offers unsurpassed performance, exhibiting the latest digital dehydrating technology and compact design.

## Sedona Features

### Raw & Healthy Food Friendly Features:

- Overheat Protection: Keeps raw food from being overheated!
- BPA-free trays and mesh screens
- BPA-free body
- Balanced, mild air flow

### User Friendly Features:

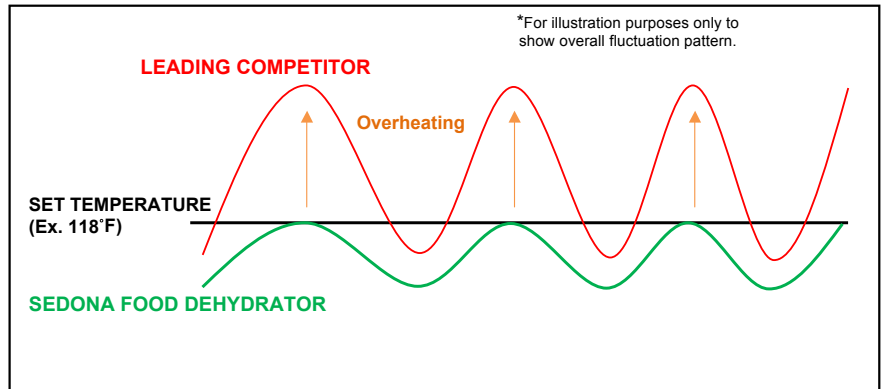

- Built-in timer for up to 99 hours
- Front digital control panel (easy to use)
- LED light display (visible in the dark)
- Transparent glass door (monitor inside)
- Digital temperature and time setting

### Eco Friendly Features:

- Quiet dual fans
- Energy efficiency

### TEMPERATURE FLUCTUATION MODE— SEDONA DEHYDRATOR'S OVERHEAT PROTECTION FEATURE

Sedona's built-in Overheat Protection Feature guards against overheating, which allows for ideal dehydration of raw, whole living foods and ultimate preservation of vital nutrients and enzymes.

## Sedona Offers 3 Types of Drying Sheets:

### Sedona PP Drying Sheets

Sedona PP Drying Sheets are BPA-free and PTFE free. Dehydrate your stuffed mushrooms, apple chips, veggie burgers, marinated kale, granola nut clusters, and much more. These sheets are designed with health in mind as they are free from chemicals such as BPA and PTFE.

Color: Clear White

### Sedona Non-Stick Drying Sheets

Sedona Non-stick Drying Sheets are BPA-free. These lightweight sheets provide you with great non-sticking results with stickier foods such as fruit leather and crackers.

Color: Tan

### Sedona Silicone Drying Sheets

Sedona Silicone Drying Sheets are BPA-free and PTFE free. These are the new, versatile drying sheets that are both healthy and functional. Dehydrate your flaxseed crackers, coconut wraps, flat bread, fruit leather, raw living pizza, spinach crepes, pecan cookies, and much more. The Sedona Silicone Drying Sheets can handle all your favorite recipes.

Color: Translucent White
